### DETAILED ACTION

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-9, drawn to a subcombination fluid switch, classified in class 137, subclass 625.65.
  - II. Claims 10-39 and 41-43, drawn to combination valve assembly, classified in class 137, subclass 627.5.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the combination of Group II neither recites nor requires the specific subcombination of Group I. See claim 32, for example. The subcombination has separate utility such as for controlling a spool valve.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 3753

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. Claim 40 will be examined no matter which Group is elected. It appears that claims 1-33 and 39-43 are readable on the species of Figures 1-6, previously elected.

7. Acknowledgment is made of applicant's claim for foreign priority based on applications filed in the United Kingdom on 10 October 2001 and 15 May 2002. It is noted, however, that applicant has not filed certified copies of the foreign applications as required by 35 U.S.C. 119(b).
